How to go to the Center from Istanbul Airport

You can take a taxi, shuttle or metro from airport to the center.

Taking taxi

A taxi service is available at Istanbul Airport 24-hours a day, 7-days a week. This service uses three different categories of taxis: the black 'E' type, the turquoise 'D' type, and the orange 'C' type taxis.

Guests requiring a taxi service can use the main stands at the Domestic and International Passenger exit doors at the Plaza Section, as well as the vehicles on the departure floor (2nd floor).

Taxis affiliated with the Istanbul Airport Cab Drivers Cooperative adhere to the taximeter tariff regulated by UKOME.

To address the demand for vehicles offering increased trunk space, increased passenger capacity (8+1), expanded seat pitch/legroom, and other similar features, UKOME has established different pricing tariffs for the turquoise and black upper-segment taxis, to improve service quality and promote zero-emission vehicles. In accordance with the UKOME-administered tariff, turquoise taxi fares are 15% higher than orange taxi fares, while black luxury taxi fares are 70% higher than orange taxi fares.
